Master list of Perennial Plants, Evergreens, Trees, Shrubs and Vines grown by, or offered for sale by us during the year

GARDENSIDE'S MASTER LIST.

A master list is not a catalog.It is simply a complete listing(in this case,with prices),of all the plants that we have growing here in our fields,or plan to have on hand during the planting season.

In the case of many rare and unusual items,their naming here does not constitute a guarantee to supply immediately, but denotes that we will accept orders,------to be filled when our cultures permit us to sell them.

This is the only complete list that we publish.Our own little magazine,GARDENSIDE GOSSIP,is sent out to supplement this master list,with descriptions of the more unusual things,gossip about plants in general,and occasional special offers,or sales.It is mailed about every two months thruout the garden season.If you do not receive it regularly,please ask for it.It is free.

PREPAID DELIVERY.Our prices on Perennial Plants;collected Native Plants;and Bulbs,include delivery to your door by the method we consider best.WEST OF THE MISSISSIPPI RIVER,we require an additional 5% of the value of the order,to cover extra charges,and more careful packing.

Trees;Shrubs;Evergreens;and Fruit Stock of all kinds is offered at the Nursery.Delivery is charged on all shipments, and if packed for long distance transport,a packing charge is also made.This is usually moderate,however.

HARDY PERENNIAL PLANTS.

UNLESS OTHERWISE NOTED, all plants on this and following pages are field grown, flowering size, and are priced at 25¢ each; five for $1.00; ten for $2.00; twenty five for $4.50; one hundred for $18. THESE PRICES INCLUDE DELIVERY, except that we require 5% additional if you live West of the Mississippi River.

This plant is also known as Chrysoboltonia pulcherrima. It flowers in August, a clear pink flower on 30" stems. Fine foliage and an extremely hardy plant. It is among the newest "new" plants for the garden, and we have been fortunate enough to obtain a stock of plants, just as this List was ready for the printer. We have dropped all varieties of Garden Chrysanthemums to give it a place.
